an icon of british national identity and one of the most widely performed twentieth century composers ralph vaughn williams has been as much misunderstood as revered his international impact and enduring influence on areas as diverse as church music film scores and popular music has been insufficiently appreciated this volume brings together a team of leading scholars examining all areas of the composer s output from new perspectives and re evaluating the cultural politics of his lifelong advocacy for the music making of ordinary people surveys of major genres are complemented by chapters exploring such topics as the composer s relationship with the bbc and his studies with ravel uniquely the book also includes specially commissioned interviews with major living composers peter maxwell davies piers hellawell nicola lefanu and anthony payne the companion is a vital resource for all those interested in this pivotal figure of modern music

shortlisted for the 2009 saltire society history book of the year from caledonia to pictland examines the transformation of iron age northern britain into a land of christian kingdoms long before scotland came into existence perched at the edge of the western roman empire northern britain was not unaffected by the experience and became swept up in the great tide of processes which gave rise to the early medieval west like other places the country experienced social and ethnic metamorphoses christianisation and colonization by dislocated outsiders but northern britain also has its own unique story to tell in the first eight centuries ad this book is the first detailed political history to treat these centuries as a single period with due regard for scotland s position in the bigger story of late antique transition from caledonia to pictland charts the complex and shadowy processes which saw the familiar pictish northumbrians north britons and gaels of early scottish history become established in the country the achievements of their foremost political figures and their ongoing links with the world around them it is a story that has become much revised through changing trends in scholarly approaches to the challenging evidence and that transformation too is explained for the benefit of students and general readers

this provocative study of medieval britain presents a groundbreaking theory on the

collapse of the post roman order and the formation of england in ceawlin the man who created england rupert matthews draws on newly available evidence including written sources and newly uncovered artifacts to present a radically new narrative of post roman britain in place of the anarchy and mayhem that comprise conventional accounts of the period rupert suggests that romanized governmental structures managed to survive the fifth century economic collapse these he argues reemerged in a new form in the later sixth century the key figure in these pivotal events was ceawlin king of wessex in the 570s it was he who finally smashed the old order with his ambitious power grab his success opened the way to the creation of the england that we know today with its distinctive culture language and character
