our summary is short simple and pragmatic it allows you to have the essential ideas of a big book in less than 30 minutes as you read this summary you'll discover that data analysis companies like cambridge analytica are using your online activities to manipulate you you will also discover that facebook has authorized the sharing of all your data that databases rely on behavioral psychology to dictate your choices that data analysis companies can access all your online activity if you don't protect your information that cambridge analytica used illegal methods to support election campaigns in 2016 two political events had a major impact around the world the election of u.s. president donald trump in 2016 as well as the vote to remove the united kingdom from the european union or brexit took place against all odds a few months later the truth came out the votes were influenced manipulated by a data analysis company cambridge analytica brittany kaiser a former employee of cambridge analytica tells you the story of the greatest political plots of all time buy now the summary of this book for the modest price of a cup of coffee

television scholarship has substantially ignored programming aimed at black audiences despite a few sweeping histories and critiques in this volume the first of its kind contributors examine the televisual diversity complexity and cultural imperatives manifest in programming directed at a black and marginalized audience watching while black considers its subject from an entirely new angle in an attempt to understand the lives motivations distinctions kindred lines and individuality of various black groups and suggest what television might be like if such diversity permeated beyond specialized enclaves it looks at the macro structures of ownership producing casting and advertising that all inform production and then delves into television programming crafted to appeal to black audiences historic and contemporary domestic and worldwide chapters rethink such historically significant programs as roots and black journal such seemingly innocuous programs as fat albert and bro town and such contemporary and culturally complicated programs as noah s arc treme and the boondocks the book makes a case for the centrality of these programs while always recognizing the racial dynamics that continue to shape black representation on the small screen painting a decidedly introspective portrait across forty years of black television watching while black sheds much needed light on under examined demographics broadens common audience considerations and gives deference to the the preferences of audiences and producers of black targeted programming

british and american commanders first used modern special forces in support of conventional military operations during world war ii since then although special ops have featured prominently in popular culture and media coverage of wars the academic study of irregular warfare has remained as elusive as the practitioners of special operations themselves this book is the first comprehensive study of the development application and value of anglo american commando and special forces units during the second world war special forces are intensively trained specially selected military units performing unconventional and often high risk missions in this book andrew l hargreaves not only describes tactics and operations but also outlines the distinctions between commandos and special forces traces their evolution during the war explains how the anglo american alliance functioned in the creation and use of these units looks at their command and control arrangements evaluates their impact and assesses their cost effectiveness the first real impetus for the creation of british specialist formations came in the desperate summer of 1940 when having been pushed out of europe following defeat in france and the low countries britain began to turn to irregular forces in an effort to wrest back the strategic initiative from the enemy the development of special forces by the united states was also a direct consequence of defeat after pearl harbor hargreaves shows the americans found themselves in much the same position as britain had been in 1940 shocked outnumbered and conventionally defeated they were unable to come to grips with the enemy on a large scale by the end of the war a variety of these units had overcome a multitude of evolutionary hurdles and made valuable contributions to practically every theater of operation in describing how britain and the united states worked independently and cooperatively to invent and put into practice a fundamentally new way of waging war this book demonstrates the two nations flexibility adaptability and ability to innovate during world war ii

introduction to cyber warfare a multidisciplinary approach written by experts on the front lines gives you an insider s look into the world of cyber warfare through the use of recent case studies the book examines the issues related to cyber warfare not only from a computer science perspective but from military sociological and scientific perspectives as well you ll learn how cyber warfare has been performed in the past as well as why various actors rely on this new means of warfare and what steps can be taken to prevent it provides a multi disciplinary approach to cyber warfare analyzing the information technology military policy social and scientific issues that are in play presents detailed case studies of cyber attack including inter state cyber conflict russia estonia cyber attack as an element of an information operations strategy israel hezbollah and cyber attack as a tool against dissidents within a state russia iran explores cyber attack conducted by large powerful non state hacking organizations such as anonymous and lulzsec covers cyber attacks directed against infrastructure such as water treatment plants and power grids with a detailed account of stuxnet

one of the dark sides to democratization can be crime and corruption this book looks at the way political liberalization affects these practices in a number of ways whilst also challenging some of the scare stories about democracy the book also brings the politics of power back into an examination of corruption
