this book poses the question when does a president lose the moral authority to lead is it when he steals an election and usurps the presidential mandate the people had given his primary challenger is it when he orchestrates sectarian inspired massacre of his people and turns his country into the biggest human abattoir on the face of the earth is it when he bares his fangs on peaceful protesting citizens but turns a blind eye on terrorists who butcher defenseless citizens is it when he creates industrial scale poverty in proportions that makes his country the world s largest concentration camp of people living in extreme poverty this book provides an overview of nigeria s history to the present day with specific focus on the current government led by president muhammadu buhari it catalogs the unmitigated failures and the endless buffoonery that have become the hallmark of buhari s government since 2015 as a political philosophy buharism is the art and science of incompetency it means failure and there is nothing rational about it but as nigeria dithers on a precipice buharism nigeria s death knell offers a corrective measure to rescue the country rebellion against failure and incompetence is an act of honor this honor is intrinsic to the rebel the way treachery and sycophancy are intrinsic to those who seek to entrench and sustain the status quo weaving between logical analysis and personal experience the author draws upon a series of insights to offer perspective on why nigerians are morally obligated to rebel against the leadership of an illegitimate president it s time to kindle a fire that will make nigerians understand that it would be a monumental mistake to sit idly by a calendar and countdown the days to may 29 2023 nigeria is at risk of an imminent collapse to sacrifice president buhari and his government is national interest premised on realism
