this book deals with adoption laws and practices in small island developing states in the pacific it commences with an introductory chapter giving an overview of relevant laws and practices and pulling together the common themes and issues raised in the book each of the following chapters deals with adoption law and practice in a small south pacific country the countries in question all have plural legal systems with systems of adoption and its closest customary law equivalent operating side by side in most cases there is an insufficiently developed relationship between the two systems which has resulted in a number of problems additionally international law adds another layer of complexity size and remoteness in the small states under discussion have a profound impact on local practices

this book outlines an analytical framework to understand power influence and statecraft in the pacific islands region with contributions by scholars from the united states australia china new zealand and across the pacific islands region it provides both sides of the story of statecraft and explores how power and influence are being exercised in the pacific islands amid escalating strategic competition the united states china australia and a range of other partners are trying to exercise power and influence in their pacific islands region through their statecraft but which partners are doing what where are they doing it and how are pacific island countries and people responding through case studies of key examples such as economic assistance defence diplomacy scholarships and strategic narratives this book analyses how tools of statecraft are being deployed by a range of key partners and pacific island states and how they are being received by pacific island countries and people a vital resource for scholars and practitioners in international relations and diplomacy as well as those seeking to understand how statecraft power and influence are being exercised in the pacific islands region the open access version of this book available at taylorfrancis com has been made available under a creative commons attribution non commercial no derivatives cc by nc nd 4 0 license

an encyclopaedia of information on major aspects of pacific life including the physical environment peoples history politics economy society and culture the cd rom contains hyperlinks between section titles and sections a library of all the maps in the encyclopaedia and a photo library

this book is an introduction to the contemporary pacific islands intended primarily for interested individuals in government business and academia as well as for students it provides a succinct account of trends issues and recent developments affecting the islands in the political economic and international relations fields the book is organized functionally but also contains sketches of the individual island nations and groups back cover

the pacific is the last major world region to be discovered by humans although small in total land area its numerous islands and archipelagoes with their startlingly diverse habitats and biotas extend across a third of the globe this revised edition of a popular text explores the diverse landforms climates and ecosystems of the pacific island region multiple chapters written by leading specialists cover the environment history culture population and economy the work includes new or completely revised chapters on gender music logging development education urbanization health ocean resources and tourism throughout two key issues are addressed the exceptional environmental challenges and the demographic economic political challenges facing the region although modern technology and media and waves of continental tourists are fast eroding island cultures the continuing resilience of pacific island populations is apparent this is the only contemporary text on the pacific islands that covers both environment and sociocultural issues and will thus be indispensable for any serious student of the region unlike other reviews it treats the entirety of oceania with the exception of australia and is well illustrated with numerous photos and maps including a regional atlas contributors david abbott dennis a ahlburg glenn banks john barker geoffrey bertram david a chappell william c clarke john connell ron crocombe julie cupples derrick depledge colin filer gerard j fryer patricia fryer

provides a background in pacific geography culture and history plus an overview of the different pacific island groups

a book about the past and present pacific islands wide ranging in time and space spanning the centuries from the first settlement of the islands until the present day

forty five contributors offer information on the physical environment history culture population economy and living environment of the pacific islands

pacific island countries have been shown to be especially vulnerable to such external influences as natural disasters political unrest and downturns in the global economy and their tourism industries have been notably affected in particular they typically have a narrow resource base and a fragile and often vulnerable natural environment while there is some research on islands and small states there is a dearth of information on the south pacific and very little research is being undertaken in the region compared to other geographical regions in the world this volume brings together current work in pacific island tourism in this collection three main themes arise images of the south pacific socio economic impacts of tourism and pacific island countries and the outside world the first focus is on the question of image namely stereotypes of a destination held by tourists and potential tourists the extent to which residents for their part really welcome visitors and the role tourism might play in changing pre established images the second theme is tourism s impacts notably the economic and socio cultural effects of international tourism s intrusion in the region which though often hotly debated have attracted relatively little empirical research the third focus is on the challenges of how pacs articulate with their external geo political and physical environment these involve existing relations with formal colonial centres geographical isolation the need for greater air access to the outside world and for more tourists and the continuing threat to several pacs of global warming which increased air travel will inevitably exacerbate this text will be of interest to tourism students researchers and academics in the fields of tourism development studies and cultural studies

this title spans the entire history of the pacific islands from the first settlement by the native islanders through the centuries of european contact cultural influence and colonialism to the coming of independence and more recent troubles since then this title will appeal to the general reader with its non academic style

important american periodical dating back to 1850
